VOL. CXXXVI.—No. 161. ALEXANDRIA, VIRGINIA, WEDNESDAY, JULY 7, 1920. PRICE TWO CENTS

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mr. A. E. West, of Del Ray, who has been quite sick at his home, is slowly improving.

Miss Fara Eddington and little Miss Margaret, are visiting relatives and friends in Delaware.

Mr. and Mrs. W. G. Mayer, and children, of North Braddock, have moved to their new home in Riverdale, Md.

Mr. and Mrs. Julian Simpson and grandson, Master Joseph Beach, have returned to their home in Queen street, after spending some time at Colonial Beach, Va.

A regular meeting of Alva Aerie, Fraternal Order of Eagles, will be held tonight in their lodge room on fourth floor of Alexandria National Bank building at 8 o'clock.

Little Miss Evelyn Northrop, of south Pitt street, has returned home after a two weeks' visit with her grandparents, Mr. and Mrs. Northrop, at Orange county, Va.

The regular meeting of the Board of Managers of the Alexandria Hospital will not be held tomorrow, as the president of the board is out of town.

Miss Louise Hepburn, daughter of Mrs. Ella Hepburn, left today for Chester, Pa., where she will spend the sumer with Mrs. Edwin Padgett.

Mrs. Martha E. Stone and Mrs. Birdie Rose, Mrs. Thomas Morgan, all of Richmond, were week end guest of Mr. and Mrs. West, in Del Ray.

C. M. Horgan, chairman of the committee on decorations for the firemen's convention which will be held here in August, has named the following members of that committee: Julius Wolf, M. J. McFarland, A. K. Baker, R. E. Knight and W. P. Woolls.

Mr. Hugh A. Turner, of Washington, D. C., and Miss Minerva S. Heath, of Cherrydale, Virginia, formerly of Alexandria, were married this morning at Grace Church rectory by Rev. Edgar Carpenter. They were attended by Mrs. Virginia Heath Hager, Haywood A. Turner, and Roy R. Fayman. Mr. and Mrs. Turner left for a visit to Baltimore, and upon their return will reside in Washington.

The Sunday School of the Methodist Protestant Church will hold its annual picnic at Hume's summer home, at Hume station, Friday, July 9. An invitation is extended to all who care to go. Friends of the school are especially invited. All who go will meet at the church at nine thirty and take ten o'clock car All baskets and boxes will be hauled to the picnic grounds. Athletic events doing the entire day. Every thing free.

ST. MARY'S EXCURSION

Another record crowd is expected to attend the moonlight excursion on the steamer St. Johns on Wednesday evening, July 28th. The big success of the Sunday School picnic a few weeks ago to Marshall Hall encouraged the committee in charge to expect the biggest crowd ever handled by this popular boat.

The boat will dock at the Norfolk wharf foot of Prince street at 7.30 P. M.

A high class jazz orchestra, is a feature of this trip, dancing and refreshments and if possible some added features which are in the hands of C. M. Horgan will be added to make the trip more enjoyable. Tickets as soon as printed will be on sale in many of the stores in the city.

ELKS CHOOSE ABBOTT GRAND EXALED RULER

Chicago, July 7.—William Abbott, of San Francisco, was chosen grand exalted ruler of the Elks at their convention here today, to succeed Frank L. Rain, of Fairbury, Nebr.

Two cities are bidding for the next conention—San Francisco and Atlanta, Ga. Indications favor San Francisco.

BIRD STUDY CLASS

Miss Katherine H. Stuart, of Alexandria, Virginia, representing the National Audubon Society of New York, N. Y., Chairman of the Wild Bird and Animal Department, Virginia Federation of Women's Clubs, has arrived at the University and will be a charming addition to the summer school faculty and will take charge of the bird study class.—Summer School News, U. Va.

SALVATION ARMY WORK

The Salvation Army here is just now doing splendid work having taken in charge three elderly women and two young women who will be looked after until arrangements can be made to place them in some institution. Throughout the year this organization handles many such emergency cases for which they deserve the unstinted praise of the community in their excellent work.

Recreation League

Activities Planned by Employees of Torpedo Station

Employees of the Alexandria Naval Torpedo Station have organized a Recreation League under the direction of Lieut. Kress. The prime object of the organization is for the health of the men.

Principal attractions will be base ball and athletics in general. Already a large number of men have joined the league and daily new members are being received. The men have arranged for trap shooting and traps already have been set and they expect some good work along this line, many of its members being crack shots.

Plans have been completed for a moonlight excursion which will be given July 19.

The baseball club of this league has made some progress this season despite the fact that this is the first season as an organization. Its members include Burn, F. Summers, Miorin, Alexander, Jorgensen, Walters, Sampson, Jones, Stickley, Johnson. Kane, Sims, Meeks, Burd and Wakefield.

News of Potomac

Miss Heflin, of Del Ray, Mrs. Nalls, Miss Mary Nalls, Mr. Augus King and Mr. Thomas Rowen, Jr., of Alexandria, have returned from Linden, Va., where they spent Sunday and Monday with friends.

Mr. and Mrs. L. H. Feagan and little daughter, Margaret, who have been visiting relatives in Baltimore, Md., returned to their home on Belfont Avenue, yesterday.

Mr. Herman Rayerman, of Carroll Avenue, is confined to his bed at his home.

Mr. and Mrs. C. Charles Suter, of Duquesne, Pa., who visited Mr. and Mrs. Irvin Dixon, of Del Ray, left yesterday to visit Mr. Suter's mother in Harrisonburg, Va.

DEFEAT INCREASE IN PRICE OF GAS

City Now Losing $19,000 a Year at Gas Plant

ADJOURN FOR SUMMER

Council Drops Ordinance to Prohibit Bill Boards—New School For Colored Children Cost $75,500

When a resolution was presented last night in common council to increase the price of gas it resulted in a general discussion over the poor quality of gas now being furnished by the city and incidentally was responsible for the defeat of the proposition, although the city at the present time is losing more than $19,000 a year on gas sold to consumers it was stated.

The proposition was to increase the price of gas to $1.70 a 1,000 cubic feet with a discount of ten cents on the 1,000 for prompt payment, effective August 1. The prevailing price is $1.40 with 20 cents off the 1,000 for prompt payment.

Councilman McCaffrey moved that the discount be made twenty cents and his amendment was defeated and then when the original resolution came up to increase the price it went down in defeat as it required 9 votes for its passage. It obtained eight out of ten votes present, Messrs. McCaffrey and Sullivan voting against the measure.

F. W. Latham superintendent of gas was called before council relative to the proposed increase, and questioned about the matter. He explained that the chief trouble is that the small holder at the gas plant is not sufficiently large and that the trouble is for about an hour during the day the plant encountering most of the trouble at certain periods during the day when the consumption is greatest. The sides of the big holder he said are being repaired. Mr. Latham also explained that they were short of oil at the present time.

Concerning the gas used at the Alexandria Naval Torpedo Station Mr. Latham said they use less than 200,000 cubic feet a month and this he said did not keep down the pressure.

Councilman Wattles, chairman of the light committee, declared the gas company had trouble with the big holder and this was repaired. The trouble now he said is an insufficient supply of coal on hand at the gas works.

Councilman Lawler thought that if the city furnished a good quality of gas there would be no objection on the part of consumers to the increase.

The various officials submitted their annual reports which were read and received. They were from City Treasurer T. W. Robinson, Auditor E. F. Price, Clark of Gas F. W. Ebhardt, Clerk of gas and F. W. Latham, superintendent of gas.

The committee having charge of the ordinance to prohibit the erection of sign boards in the city withdrew the ordinance following the receipt of an opinion from Corporation attorney H. Noel Garner on this subject in which the attorney set forth that lot owners may place what they see fit on their lots providing it does not injure others. Some time ago this matter came up when residents of Rosemont protested against the erection of a sign board in that subdivision.

Mayor Fisher returned without his approval a measure passed at the last meeting of council relative to the removal of buildings for which no permit had been granted by council. The paper was received and referred to the board of aldermen for its indorsement.

The finance committee recommended that an appropriation of $10,000 be made to meet deficit in public schools amounting to $11,583.33 and that the school board proceed to collect $5.000 due for tuition for pupils from Arlington and Fairfax counties.

President Burke explained to council that the new school building for colored children cost the city $68,000 to erect and the lot cost $7.500.

A petition for an arc light at Washington and Franklin streets was granted as also was petition for one in the country part of the city market. The armory was leased to Leo Sweeney under certain restrictions. It was decided to advertise for bids

ROOSEVELT NAMED FOR SECOND PLACE

New Yorker Nominated for Vice President by Democrats

ONLY 38 YEARS OLD

Other Candidates Withdraw and Assistant Secretary of Navy Chosen by Acclamation

Auditorium ,San Francisco, July 7.—Franklin D. Roosevelt, Assistant Secretary of the Navy, of New York, was nominated Vice-President candidate by the Democratic convention yesterday afternoon.

It was a stampede from the time his name was placed in nomination. The other candidates rushed to withdraw, the rules were suspended and Roosevelt was nominated by acclamation.

When the convention met at noon and proceeded to the completion of the ticket the leaders looked over the field of avowed candidates for Vice-President and the paddock of dark horses and decided that they would select an Eastern man identified with the Administration. That eliminated Secretary of Agriculture Meredith ,an Iowa man, at the start.

The choice finally narrowed down to Secretary of State Colby and Mr. Roosevent. Charles F. Murphy was inclined to prefer Colby and to disapprove Roosevelt, who has been fighting Tammany, Brennan and others, however, finally brought him round to Roosevelt, and that settled the matter.

Gov. J. M. Cox's running mate on the ticket is only 38 years old. He had the support of Tammany and Taggart.

CHAUTAUQUA AIDS PLAY GROUNDS

The girls of the Junior Chautauqua met the children of the playground this morning and distributed season tickets to the Chautauqua. The committee is trying to see that all children who are unable to purchase season tickets may secure them.

The playground will be transferred to the Chautauqua grounds this week and with the aid of the instructors of that institution the children will be taught many amusing and profitable occupations. The playgrounds have been largely patronized during these hot days. The grounds have been whipped into shape and the children have been enjoying themselves to the utmost.

Held for Grand Jury

Samuel Sorrell, Charged With the Murder of His Brother, Arraigned Last Night

Samuel Sorrell, charged with shooting and killing his brother, Charles Sorrell, at an early hour last Sunday morning, was brought before the police court last night. He was represented by Messrs. Frank Stuart and C. H. Smith. Several white and colored persons testified. The evidence varied in important particulars, and the accused was held without bail for the action of the grand jury. Many spectators were present at the investigation.

Geo. Pettey, charged with drinking liquor in a public place, was released upon giving bail in the sum of $100 for his appearance before the grand jury.

H. H. James, charged with transporting whisky, was released upon giving bond in the sum of $300.

Several minor cases were disposed of at last night's session.

ARLINGTON COUNTY DOES NOT OWE CITY SAYS OFFICIAL

Editor: Alexandria Gazette,
Alexandria, Va.

Will you kindly give space in your valuable paper to the following.

I read with much interst the proceedings of council last night, where an appropriation of $10,000 was granted the city school board to make up a deficiency of $11,583 with the suggestion that the school board endeavor to collect $5,000 due said board by Arlington and Fairfax counties.

I wish to say that Arlington county does not owe Alexandria city one penny for school tuition.

Very truly yours,
George W. Zachary.

SUNDAY SCHOOL PICNIC

The Methodist Protestant Sunday School will hold its annual picnic Friday, July 9th, at Hume's summer home, Warwick, on the Washington Virginia Railway at Hume station. All going will meet at the church, North Washington street, at 9:30, and take 10 o'clock car. Friends of the school are cordially invited to go and make it an all day outing. Everything free. Games of all description and amusements the entire day. All boxes and baskets will be left at church and conveyed to grounds. Come, you are welcome.

SPECIAL MEETING

Brigadier Escott and Capt. Yates Salvation Army Workers, Ordered to Other Districts

There will be a special meeting at the Salvation Army Hall tonight at 8 o'clock. Brigadier Wm. Escott, who has had charge of the South Eastern Division for the past six years, will leave for other parts of the field and will say good by to his many friends in Alexandria, also Staff Captain James Yates, who has had charge of the young peoples' work, will say good by. Every one welcome.

For Ex-Service Men

Feur Alexandrians Attending Y. School at Blue Ridge, N. C.

The Alexandria Young Men's Christian Association is represented by four young men at the Southern Association Training School at Blue Ridge, North Carolina, from July 6th to 20th. The war work council of the Y. M. C. A., which is assisting in the education of ex-service men, is making the attendance possible for the Alexandria young men, who are all ex-service men.

Raymond N. Padgett, 815 Oronoco street, and Clinton E. Sutherland, 825 Oronoco street are two of the young men making the trip and will study in the school for boy's work. They have conducted the boy's club for Christ Church for some time and have cared for nearly a hundred boys each week and have had a very practical experience along the line of their chosen study

Oliver A. Catts, 1808 Duke street and John A. Foute, 613 North Washington strtet, are the other fortunate Alexandrians who will spend two weeks of the hot month in the mountains studying in the Association School.

Mr. Catts was in the navy and had charge of the physical training courses of his branch of the service and so well did he like the work that he is anxious to secure further training. He is an electrician by trade but it is safe to say that he will also be a good physical director when he returns from the training school.

Mr. Foute was in the infantry and was a physical trainer during practically all of his service. He had had boys' club experience before going into the army and showed a natural ability as a physical director and handled thousands of men as easily as a few hundred. He is thinking of making the Y. M. C. A. physical work a life work and the secretary of the local association says that the movement will be fortunate if it secures the services of any or all of the splendid young men it is sending to school.

HEALTH TALKS BY Y. M. C. A. MAN

During June Gives Thirteen to 937 Men

MEETING LAST NIGHT

Report Made on State Convention by W. S. Risdon—Secretary Wallace Also Outlines Work Done

Thirteen health talks to 937 men was the record of the General Secretary of the Young Men's Christian Association for the month of June. And in addition to this he gave fifteen other talks to 2103 hearers, making a total of 27 addresses to 3040 people during the busy month just closed.

This is taken from the report of the secretary of the Y. M. C. A. given to the regular monthly meeting of the Board of Directors of the Association at the Chamber of Commerce last night. President Lamond, who has just returned from a trip to Portland, Oregon, was in the chair, and made haste to explain to the board that although he had traveled through twenty-three states, he had seen no place at which he desired to stop permanently and was glad to get back to Alexandria.

The report of the general secretary continues to be a matter of surprise to the board and thoroughly demonstrates the tremendous need of the Association work in Alexandria. Secretary Wallaces work is almost entirely with the Sunday schools and churches where he is receiving the heartiest co-operation on every hand. The Sunday school attendance campaign being fostered by the Association was heartily commended and already shows signs of actually increasing the summer attendance of the schools.

Among other things mentioned in the secretary's report was the "stick to school" campaign conducted the first of the month in which eleven addresses were made to nearly a thousand students in an effort to get them all back to school in the fall, and the splendid organization effected by the Ladies' Auxiliary of the Association, which in such a brief time has become a very important factor in the work of the men's organization.

A report of the State convention which was held at Richmond the 15th and 16th was given by W. S. Risdon, one of the delegates of the local Association, and the general secretary, both especially emphasizing the new state constitution adopted at the convention.

A report of the educational committee revealed the fact that five ex-service men have now been awarded scholarships by the local educational service committee, and all of them are now in school, one in Washington and four in an association training school for the summer session.

Probably the most interesting feature of the report of the association secretary was his summing up of the month's work which was about as follows: 27 talks to 3040; 8 visits to schools; 14 visits to Sunday schools; 138 general calls; assisted at three athletic meets; attended one board meeting; attended two meetings of the Ladies' Auxiliary; three committee meetings; five socials; two educational trips; and engaged in extention work touching 1322.

Before adjournment the board appointed committees to assist with the big Sunday school picnic to be held Labor day at the Geo. Mason High School.

THE NOMINEE FOR VICE PRESIDENT

By naming Franklin D. Roosevelt for the second place on the ticket, the San Francisco Convention has distinctly strengthened it. Mr. Roosevelt has been a capable Assistant Secretary of the Navy and his family associations add to the public interest in him. He has the further qualifications of giving that geographical balance to the ticket of which the politicians make so much.

Mr. Roosevelt is a creditable candidate in every sense. Still a young man, he has taken an active part in public affairs, and, like his more distinguished relative, has many interests outside of politics.

As a cotemporary observes, Mr. Roosevelt is a virile, upstanding, able American, with many of the characteristic qualities of his distant cousin Theodore. He adds to the Democratic ticket quite as much strength as the naming of Governor Coolidge brought to the Republican ticket. A quite young man, only 38 years of age, he has already demonstrated the possession of exceptional ability, and, what is better, right-mindedness and honest conviction. His first essay in politics was as a member of the New York State Senate, where he led, and led successfully, a fight against Tammany in its effort to make a United States Senator of William F. Sheehan. That was in 1910. In 1912 he was one of the progressive young Democrats of the country who had much to do with the nomination and election of Woodrow Wilson to the Presidency. For the past seven years he has been the Assistant Secretary of the Navy and has been recognized as one of the influential men in directing the affairs of the department.

ENFORCING THE LAW

During the past two or three weeks five men—four white and one colored—have been arrested in Alexandria on the charge of violating the prohibition law. They were held for the action of the grand jury.

The enemies of prohibition often allege that the law has made criminals out of certain people who a few years ago were never seen in a police court. This may be true, but as prohibition is a law of the land, the statute should be enforced. This the authorities of this city are endeavoring to do.

In this connection it may be stated that the police are endeavoring to give more attention to the vagrant law than formerly. Recently certain men who stand all the day idle in different places have been kept moving, and warned that should they not secure employment at once, the state will find occupations for them on the public roads.

One man who had been admonished but who had defied the order of the policeman was found liotering in a certain suspicious neighborhood a few days ago. He was arraigned and fined five dollars with the assurances that should he reappear upon a similar charge no fine will be assessed but he will be given a term in jail subject to the first guard who may arrive and demand his services.

A number of men of both races pass their time in idleness in Alexandria. They make themselves conspicuous on the streets, and there is every reason to suppose that their occupation is bootlegging. It is difficult to get positive testimony against such suspects, but they are liable to be arraigned and dealt with under the vagrant law.

At the present time there is virtually no excuse for idleness, and should they be unable to give a reasonable excuse for whiling their lives away such individuals may be given occupation for which no wages are paid.

COLLAPSE OF THE STRIKE

There will be a sigh of relief over the announcement that the longshoremens strike has ended. The five weeks during which it lasted have been five weeks of folly. Several persons were killed as a result of disorder and rioting, nearly two hundred injured, the strikers have lost tens of thousands of dollars in wages and the port has been deprived of business running into the millions. And what has been the result of all this warfare? The men return to work without any material change in wages or working conditions. The most provoking feature of this business lies in the fact that the men have been neither underpaid nor overworked—at least not so far as the ordinary citizens understands the situation.

The worst part of the strike has been the disregard of the rights of the public. The men injured their cause by either participating in violence or permitting others to engage in force without rebuke.

It must be pretty clear by this time that force and bloodshed cannot be tolerated in a civilized community. To say anything else would be to admit that our form of government is a failure, and no American will be willing to make that concession. The finger of the I. W. W. was seen in this controversy, and the fact that the men have repudiated that lawless organization is a cause for congratulation.—Philadelphia Inquirer.

THE DEADLY FLU

Ten persons died of influenza in America for every life the American Expeditionary Forces lost in battle in France, Clayton N. Hunsicker, of Philadelphia, declared, summing up the terrific toll of the influenza epidemic of 1918 before the leaders' convention of the Fidelity Mutual Life Insurance Company, of Philadelphia at Atlantic City. He placed its cost to legal reserve companies at $100,000,000, and said it made the American people realize that they are mortal.

"Very few families or business concerns escaped the loss of a relative or valuable life," continued Mr. Hunsicker. "Never before in the history of the world was there such a thing as a universal epidemic. I have seen it figured that the Government will have to pay on account of influenza deaths alone one hundred and fifty million dollars; that the number killed in battle in the whole American Expeditionary Forces in France was about fifty thousand, while the number of deaths in America from influenza is placed at five hundred thousand. In other words, about ten persons died from influenza to each one killed in war."

MUST OBEY LAWS

Respect and Enforcement Imperative While They Remain, Gov. Cox's View

Kansas City, July 7.——A letter written by Governor James M. Cox, of Ohio, Democratic nominee for President, to John H. Pollock, a Kansas City attorney, stating his position on law enforcement was made public by Judge Pollock yesterday. The letter, dated Columbus, Ohio, June 23, 1920, was sent in response to an inquiry from Pollock. It says:

"I have read your letter with interest. The question before us now is law enforcement. As the Constitution and statute stand, they are the expressed mandate of the people and must be respected by public officers and citizens as long as they remain. There is no difference between neglect of the law by public officers and an attack against our institutions by the bolsheviki. We contend, and properly so, that there is no need of revolution in this country because we have the governmental facilities to change existing order by rule of the majority, but we can hardly create the proper attitude among aliens, unaccustomed to our ways, if public officers close their eyes to their oath and obligation."

for improvements to the jail will. The sum of $990 was appropriated for improvements at the high school grounds The sum of $85 was appropriated for guttering and spouting at the city alms house.

The engineer of the R. F. and P. Railroad will be notified of the bad condition of concrete at the bridge at the head of King street. It was decided to pay Miss Eva Cowling interest on city bonds amounting to $200 supposed to be lost. A number of other matters were presented and referred to the proper committees.

Council adjourned for the summer and will meet again September 1.

KILLED BY TRAIN

Engineer Failed to Apply Brakes And Sleeping Party Were Ground to Pieces

Aberdeen, Miss., July 7.—Thinking a green capped head lying against the rail merely a water melon, the engineer of a St. Louis and San Francisco train at Becker Monday night, did not slacken his speed until a warning shout came from the fireman who realized a sleeping man and not a melon was on the track.

It was then too late and Jesse Walden, aged 25, and Calvin Goza, aged 18, were killed. The two men bought tickets from Becker to this place and while waiting for the train took a nap on the track.

Judge Gives Boy Five Years in Penitentiary for Forgery

Wilkes-Barre, July 7.—One of the most difficult duties that Judge Henry A. Fuller has performed in his career was Friday morning, when he sentenced Harry Hartland, his Sunday School pupil, to pay a fine of one hundred dollars and costs and spend five years in Eastern penitentiary for forgery.

The judge is an old friend of the family and the boy's mother was in the courtroom when sentence was pronounced.

Leopard Cannot Change Spots

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel billious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

LAX EDUCATIONAL LAWS

Legal Right to Remain Ignorant Granted in Many States

The legal right to remain ignorant is annually granted to thousands of children in States where child labor and education laws are backward, According to an account of the administration of the Federal Child Labor Law soon to be published by the Children's Bureau of the United States Department of Labor, only 783 children out of 19,996 to whom certificates were issued or less than 4 per cent. had attended or completed the eighth grade, though completion of the 8th grade is generally regarded as necessary to secure even the rudiments of an education.

Only 1 of these 5 states has a compulsory school law for children up to 16, even when unemployed, and that law permits many exemptions. Both parents and children, through ignorance of the value of schooling, are apt to take advantage of the legal right to dodge an education In a recent study of school attendance in Cleveland it was found that 2550 children were so irregular in their attendance at school as to interfere with their studies and that the reasons fofr staying out of school were in many cases trivial. Among foreign groups, children were kept at home on bargain or market days to act as interpreters for their mothers.

In addition to lax school attendance laws, 3 of the 5 States permit children 16 years old and younger to go to work even if they can not read or write or have never been to school. Two require only that the child applying for work shall have gone to school for a brief period during the preceding year. Among the other States in the United States 23 requires the completion of a specified grade, and 12 more and the District of Columbia require the ability to read and write.

None of the 5 States where children were granted certificates makes any provision for continuation schools in order to makke up for defective education in childhood. Only 18 States in the United States have laws which make such provision. England, under the Fisher Education Act, which went into effect April 1, is rapidly establishing continuation schools throughout the country, and will shortly compel attendance up to the age of 18. Every effort is being made in that country to get teachers with the best training and to arrange suitable courses of study for working children in order that they may have every opportunity not to grow u pilliterate because they have been unfortunate.

VIRGINIA NEWS

Samuel Appleton, cattle dealer, of Nokesville, was fined $100 and costs in Winchester for driving an automobile while under the influence of liquor. Simultaneously the Hicks Motor Company filed suit against him for $1,000, claiming he damaged one of their cars to that extent in a collision near Middletown, Va. Several persons who were injured in the smash up are recovering.

John Oliver, a farmer living near Slatt River Mills, Buckingham county, was killed Sunday. A mule hitched to a buggy ran away, Mr. Oliver was thrown out and received injuries from which he died in a short time.

Edward Allen, of Newport News, arrested on the charge of having violated the prohibition laws, and who received a sentence of three months in jail and a fine of $300 for that offense, has obtained a writ of error and supersedeas in the supreme court. This was granted by Judge Prentis. Counsel for Allen raises the right of the state to try a man under the provisions of the state liquor laws, holding that the federal laws cover the case and that the latter supersede the state laws.

Spurious ten dollar bills were passed on Richmond merchants and banks in the last day or two. These bills are two dollar bills made over into tens by pastings on parts of the higher denomination paper. For instance, in the corners where the two is on the bill the number ten, which has been removed from a regular bill, hs been pasted over the two, after being carefully cut out. Where TWO is written in the body of the bill the two letters EN are pasted next to the T. The alteration is so carefully carried out that it is almost impossible to detect it with the naked eye. Where it fails, however, is that the bill contains the picture of Thomas Jefferson, which never appears on a ten. The pictures of McKinley, Garfield, Washington appear.

Colonel William Gibbs, Kable, 48 years old, president of the Staunton Military Academy, died suddenly Monday at his fishing hut, Camp Echols, where he was passing the Fourth with a party of friends.

CHARGE AGAINST LEEDY

Preacher Declares Candidate Did Use Language Attributed to Him Recently

Winchester, Va., July 6.—Colonel Robert F. Leedy, of Page county, candidate for the Democratic nomination for congress, in opposition to Representative T. W. Harrison, of Winchester, did assert that he would "drive the damn dry fanatics and hypocritical preachers to hell," in spite of his flat denial, according to a sworn affidavit made by the Rev. S. L. Baugher, pastor of the United Brethren Church of Edinburg, Va., and acknowledged before J. C. Hutcheson, notary public of that place.

Few days after the Rev. Mr. Baugher published what purported to be his "passage at arms' with Colonel Leedy relative to the alleged strong language used by the candidate Colonel Leedy issued a statement, in which he was supported by witnesses. claiming that no such incident occurred in Turner's barber shop at Harrisonburg.

In his latest reply, the Rev. Mr. Baugher declares that the incident took place on the street and not in a barber shop, and that, therefore, the statements of the "witnesses" were of no effect. The clergyman males oath "that on April 23, 1920, at 2:45 p. m., on the streets of Harrisonburg, a man passed Mr. Robert Leedy, slapped him on the shoulder, and said, "stick to them, Bob.' Leedy replied, 'I will stick to them until I drive the damn fanatics and hypocritical preachers to hell." The Rev. Mr. Baugher states that he makes "this solemn oath with due reverence to the obligations that I have assumed as a minister of the gospel, which I consider makes an oath of this character peculiarly sacred."

It has developed that while Colonel Leedy was making the alleged assertion in Harisonburg recently he told Rev. Mr. Baugher that he (Leedy) was a fighting man, to which the clergyman replied: "Well, the Bible teaches us preachers not to fight, and it also teaches us not to run." The clergyman, who is about six feet tall and weighs approximately 275 pounds, indicated his intention of "standing his ground," but the incident was closed without a set-to.

FATHER JAILS SON

Huntingdon, W. Va., Physician eaves Boy With Police to Prevent Theft

Huntingdon, W. Va., July 6—Dr. A. J. Watts, a physician, leaving the city for a short business trip, placed his son Gordon, aged 19, in charge of the city police with instructions to keep him in jail until he returned.

The sergeant in charge at central station demurred at first at doing guardian duty without some logical reason.

Dr. Watts informed the police that if he allowed his son freedom while he was out of the city he had no doubt Gordon would steal his motor car. It was to guard against such loss that he was asking that he be placed in jail until he returned

The police authorities finally consented and placed the boy in confinement. An investigation was also ordered by the police commissioner to determine why the son, whose reputation has been good, should be jailed by his father for a preconceived crime.

UNIQUE LAW POINT

Commonwealth's Attorney Wise Will Combine Theft Charges Into Grand Larceny Case

Richmond, July 6.—One of the most unique points of law which has ever come before a Virginia court will be the chief bone of contention in Hustings Court in the trial of Mrs. Margaret Murray, indicted on a grand larceny count. Mrs. Murray is alleged to have been implicated in systematic shop lifting in Richmond stores.

Commonwealth's Attorney George E. Wise, who will prosecute the case, states that, although the woman is not charged with having at any one time taken goods to the amount said to have been stolen is more than $50. A felony charge is made on the grounds that the total amount alleged to have been stolen is more than $50.

The point which will be in dispute is whether a felony can be charged under the law. Only one similar case is on record. That was tried at Petersburg, and will be used as precedent by Attorney Wise

"There's a Reason"

Is Your Skin Ablaze With Fiery Itchings?

Don't Continue to Suffer Because of Wrong Treatment.

Impurities in the blood cause millions of tiny disease germs to set up their attack on the surface of the skin, and in the form of pimples, boils, scaly eruptions and itchy, burning irritations, begin their disfiguring and destructive work.

These disease germs can be reached only through the blood and local applications have no effect whatever. That is why salves, ointments, lotions, washes and other remedies applied to the skin can do no more than give mere temporary relief.

If you want genuine relief from the tortures of skin diseases, lose no time in discarding all local remedies, and begin taking S.S.S.

Safeguarding the Investor

Number Two of a Series

In this advertisement we will mention a few of the safeguards which long established and conservative investment banking houses offer to investors.

A safe investment requires much more experience and technical knowledge than is realized by the average investor. Before purchasing securities and offering them to the public, the Investment Banker assures himself by rigid investigation that stringent requirements for safety have been met.

Such investigation involves in many instances reports by well-known engineers, audits by recognized Certified Public Accountants, analyses of business and trade conditions affecting the property in question and expert legal opinion as to the validity of the issue to be offered; to say nothing of the careful scrutiny of the character and ability of the management.

Therefore, it may be readily perceived that the average investor does not possess the detailed information necessary to cope with the problems which arise in determining the safety of an investment.

The best measure of protection available to the investor is the character and ability of the Investment Banker upon whom he relies for assistance in the selection of his securities.

By securing the services of a house of high standing, you are assured a full measure of its service to safeguard your interest.

TALK WITH AN ALEXANDRIA MAN

Mr. Frank E. Roat, Blacksmith of 107 South Payne Street, Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give her an interview with an Alexandria man:

"I had trouble with my back," says Mr. Roat. It was weak and lame and sometimes the pain was pretty bad; I could hardly bend over or straighten up. Mornings my back was so sore it felt like pins and needles when I touched it I also had bad headaches. Nights I had to get up five or six times, and when morning came I was all tired out. This went on until I was advised to use Doan's Kidney Pills. I got Doan's at Leadbeater's Drug Store and they certainly reached the spot. My kidneys acted regularly again and I got wonderful relief from the pains in my back. Since then I have used Doan's once in a while to keep my kidneys toned up."

BEATEN IN EVERY BATTLE

Bryan Declares He Has Already Expressed Views on the Candidate

San Francisco, Cal., July 7.—Beaten in every battle he waged in the convention, William Jennings Bryan yesterday had little to say regarding the selection of Governor Cox as the party's presidential nominee.

"I have already expressed my views on the candidate and what he stands for," said Bryan. "Repetition is unnecessary at this time." The views Bryan referred to as having been expressed included sharp criticism of Cox for his "wet" tendencies, also declaring the Ohio governor lacked progressiveness, and said Cox was lined up with Wall street.

Bryan declined to say what part, if any, he intends to take in the campaign in behalf of Cox. The Nebraskan not only made a losing fight to prevent the nomination of Cox, but he lost out in efforts to shape the party platform to his ideas on the treaty, the wet and dry issue, profiteering and other matters

San Francisco, July 7.—"My heart is in the grave with our cause and I must pause until it comes back to me," said William J. Bryan yesterday in giving his reason for not making any extended statement on the work of the Democratic National Convention.

"My views on the convention's action in reference to the indorsement of prohibition are known," said Mr. Bryan. "I regard it as a very serious mistake—it opened the door to the nomination of a wet candidate. I need not repeat here what I have said before in regard to the evasion of other issues."

When asked if he would have any thing to do with the third party movement, which begins its convention in Chcago July 10, or would indorse its candidate, Mr. Bryan replied:

"I do not care to discuss any other movement. It took the Democratic convention quite a while to decide on a candidate and the individual voters have about four months in which to consider the claims of the candidates. I shall use a part of that four months in considering the question.

"I do not care to say anything about Congressional plans, but the question suggests a subject which the public cannot overlook, namely, the importance of selecting a Senate and House that will refuse to increase the alcoholic content in permitted beverages or any other weakening of the enforcement law."

SPORTS

The Cardinal Athletic Club baseball team defeated the Cadillac nine on the North Alfred Street grounds Sunday, by a 13 to 0 score, making fifteen straight victories for the Cardinals. The Cardinals are now ready to play any sandlot team in the State of Virginia, whom they have not defeated this season, barring none. All challenges, in writing will be considered.

"Speedking" Jones was in great form and had the visitors swinging at his fast ones like a Dutch windmill, revolving and he also had a home run checked to his credit. "Teddy" Schafer the invincible catcher, made several sensational running catches of foul flies and hit the ball hard.

Neidfeldt, 1st base played well and hit a pretty one for two bases. "Beau" Hodges, second base, captured everything that journeyed his way both in the air and ground, hit hard balls, made a clean safety, and got a base on balls. McCann, third base, played fine and topped it off with a home run and a nextra safety. Tetreault, the lightning like little shortstop, won the admiration of the fans by his wonderful allaround playing. Harry Shalin and Sampson took turns in right field in fine style. Jimmy Alexander, center field, played a great game in fielding, throwing, and batting, making two hits and with three men on bases drove them home with a home run drive. Frank Owens, left field, captured his chances without a flaw with a safety.

President Clark C. Griffith, of the Washington Club, of the American League, gave orders yesterday to allow Jimmy Alexander and Roland Jones, of the Cardinals to work out with the Senators. These lads will wear big league uniforms and will be instructed in the fine points of baseball by President Griffith, Capt. George McBride, Walter Johnson, Nick Altrock, and other members of that team.

The Cadillacs are composed of a bunch of young men, not boys, who will shine in baseball after they have practiced more.

At times they played fine, but at times they played fine, but made errors at critical times. "Ed," Smith, pitched an excellent game, while Burton, his catcher, received resent the Cadillac Automobile Co., in great styles. The Cadillacs repand are sure to succeed, for a Cadillac was never known to fail."

NEGROES BURNED BY MOB

Men Were Accused of Killing Landlord and Son—One "Not Right One," Says Sheriff

Paris, Texas, July 7.—Irving and Herman Arthur, negroes, aged 19 and 28 years, brothers, who last Friday shot and killed their landlord, J. H. Hodges, and his son, William Hodges, on the latter's place northeast of Paris, were burned at a stake on the fairgrounds here last night about 8 o'clock, having been taken from a jail by a mob at 7:30.

The negroes were captured by Lamar (Texas) county officers and posse Monday night at Valiant, Okla., and were brought here and placed in jail yesterday. It was thought that there would be no trouble, but later a crowd gathered, quickly increased and finally stormed the jail, on the top floor of the courthouse, breaking down the iron outer door and took the negres.

Idabel, Okla., July 7.—J. W. Dewitt, sheriff of McCurtain county, Okla., last night quoted Sheriff C. D. Clarkson, of Paris, Texas, as declaring one of the two negroes lynched at Paris last night was "not the right one" and that he was doubtful whether the "other was the right party." The Paris sheriff went on into Arkansas last night on the trail of the two negroes he believed killed the Texas farmer and his son.

ABBOTT EXALTED RULER

Chicago, July 7.—William Abbott, of San Francisco, was chosen grand exalted ruler of the Elks at their convention here yesterday, to succeed Frank L. Rain, of Fairbury, Nebr.

Two cities are bidding for the next convention—San Francisco and Atlanta, Ga. Indications favor San Francisco.

HER LAST PLEA FOR SON

Mother, Shot by Boy, Tries to Protect Him as She Sinks Unconscious

New York, July 6.—"Don't tell the police it was my boy who did it," gasped Mrs. Anna Cammela, 36 years old, a moment before she dropped unconscious Sunday afternoon. She had been shot over the heart by the accidental discharge of a pistol in the hand of her son, Alfonso, 19.

Alfonso was cleaning a revolver for his Fourth of July celebration. His mother was on the other side of the kitchen table, ironing. The revolver went off and the bullet entered the widow's left breast. Her daughter, Mary, 17, ran in, and she and Alfonso carried their mother to her bedroom. Then the police were called.

When Mrs. Cammela was revived, she told the detectives that someone had attempted to rob her outside her home and had shot her. When she had finished gasping the story she lost consciousness and told the the on broke down and told the truth.

He Lived and Learned

"Bob Currier! By all that's sacred! Where have you concealed yourself these many moons?"

"Hospital, Billy. And say it certainly is good to be out and around again."

"What was the trouble?"

"Oh, the doctors called it some name with nine syllables and a sneeze, but it was nothing more than a clogging of the intestines. The stuff wouldn't move and it was poisoning me—breeding disease."

"What did they do to you?"

"Why, they were all set to operate for appendicitis. The food waste had accumulated in the large intestine where the appendix is. I had bad pains. Tried to cure them with salts. That only shook my system—flushed it *hard*—and left that poisonous waste there, dryer and harder than ever. Taking a purgative when you're like that is about the same as driving a car up a hill to clean the carbon out of the cylinders; you only make a bad matter worse."

"You said something."

"Finally the doctor said, 'We'll see if we can't move that obstruction *naturally* before we operate. I don't want to operate unless it's absolutely necessary'."

"He put me to bed and tried me out on Nujol. Believe me, there was certainly an anxious period of waiting for 'yours truly'. But Nujol proved the goods. It softened that dry mass, moved it on, and after a while I began to be regular."

"Great stuff! How does this Nujol work, anyway?"

"On an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This helps all those little muscles along the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system. It prevents constipation because it helps Nature maintain thorough bowel movements at regular intervals, which is certainly the best habit I know of. And besides that, it's absolutely harmless and pleasant to take."

"Say—that's just what I've been needing. I've been taking pills and salts for months and getting worse all the time. Jump in and we'll buy a bottle of Nujol right now. Me for that, beginning tonight."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write the Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

TEACH CHILD TO LIKE ALL KINDS OF WHOLESOME FOOD

A meal in which all the important kinds of food are represented tends to keep the child in good condition and to give him good habits of eating, food specialists of the United States Department of Agriculture say. The liking for a large range of foods is desirable from the standpoint of diet and also of manners, for it helps to prevent a person from becoming a disagreeable table companion—one who is "fussy" about his food. Meals that are planned carefully help also to give the child some little idea of what those who know most about foods have in mind when they speak of a "baanced"—or, better, a rightly chosen" ration. With children it is far more important to suggest the value of such a ration by the character of the meals given to them than to try to tell them what it is or to what extent it has been worked out.

MOVIES

Richmond Theatre

Billie Burke, the famous stage and screen star will delight a large audience at the Richmond Theatre tonight, where she will appear in her latest Paramount-Artcraft picture, "The Misleading Widow." She is the charming heroine of one of the brightest love stories that has been presented in recent years. The plot is in keeping with the attractive personality of the beautiful star and is just the sort of a story with which the one and only Billie Burke can charm an audience. It is strictly up to date as well, the leading men being two returned Army officers. A Mack-Sennett comedy "Salome vs Shenandoah" will also be shown with the above. In this comedy, which is sure to delight Sennett fans, a number of comedians is gathered which serves to uphold the highest traditions of the Paramount-Mack Sennett comedies The fun makers in the cast include Ben Turpin, Charles Murray, Phyllis Haver, Charles Conklin and Marie Prevost. Each has an excellent role.

Emmy Wehlen In Drama of the Moment

Emmy Wehlen, the beautiful golden haired, brown-eyed star of "Lifting Shadows" the Leonce Perret-Pathe feature attraction at the Ingomar Theatre today and is supported by Wyndham Standing, Stuart Holmes, Julia Swayne Gordon, and others.

"Lifting Shadows" is a drama of today. It depicts the struggle of a woman who is torn between her love for a man and her love for the country of her adoption—America. Henri Ardel is the author and Leonce Perret the producer, director and adapter.

$4,000,000 FIRE
Entire Okhotsk District Destroyed. Fate of Many Unknown

Tokio, July 7.—Fire has swept the entire fishing district on the western shore of the Sea of Okhotsk, which was leased to Japan under the Treaty of Portsmouth. The area burned over includes the city of Okhotsk, according to a wireless report received by the Hokkaido Fisheries Company from the steamer Kamchata. The financial loss is estimated at $4,000,000, and so far the fate of the fishermen along the coast is unknown.

The company has asked the government to dispatch warships to the scene to investigate the origin of the fire, which is believed to have been set by Bolsheviki.

MECKLENBURG VOTES FOR COUNTY HEALTH UNIT

Boydton, Va., June 30.—Following a year's successful work of the United States Public Health Service in co-operation with the State Board of Health, the board of supervisors of Mecklenburg, with the financial co-operation of the Red Cross chapter of the county, has guaranteed a fund of five thousand dollars to match a similar sum from the State Board of Health and the International Health Board for the establishment of a county health organization for a year's intensive campaign. Under the co-operative plan such as Mecklenburg has voted to adopt a medical health officer, who is a field director of the State Board of Health staff, takes charge and organizes a county health department, a sanitary demonstration and a public health nurse are installed. School inspection work is done. Sanitation is stressed. Water supplies are improved, and intensive health work generally is done under the personal direction of experts. This unit will begin operation about October 1.

The immediate result of such work has been marked reduction in the incidence of and deaths from filth-borne diseases, and the larger number of counties, after a year's, experience with such an organization, take steps to make permanent the county health department.
